

*Now is the time to reflect back on all that we accomplished in the past 12 months, the goals that we met, and the areas that we want to improve on for the year ahead. As you plan for 2018, BarnManager wants to help make it your best year in the barn yet by making sticking to your horse-related resolutions even easier! Any of these resolutions sound familiar? If so, BarnManager can help!*

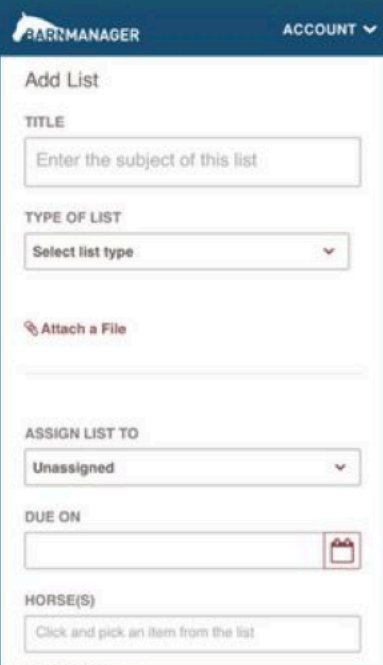

## RESOLUTION #1: BE MORE PUNCTUAL FOR MEETINGS, APPOINTMENTS, AND LESSONS.

BarnManager's calendar makes it easy to stay on top of where you need to be and when. It's simple to add new events, sort them by categories such as lessons, and vet, dentist, and farrier appointments, include notes, set frequent reminders, and even notify others involved with the appointment or horse from directly within the software!

## RESOLUTION #2: MOVE UP FROM THE 3'3" TO THE 3'6" HUNTERS.

No matter what your riding ability or discipline, BarnManager allows you to plan your own training goals, map out training programs for each horse, and make notes on progress or areas for improvement, all of which is then available in one location, accessible from any phone, computer, or tablet!

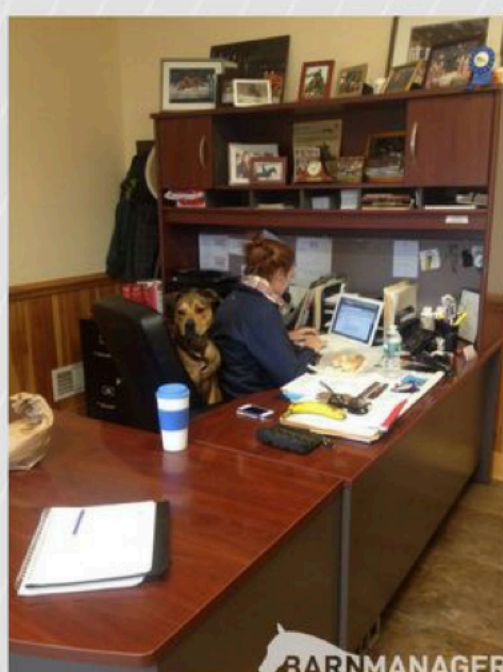

## RESOLUTION #3: BECOME MORE ORGANIZED, AND QUIT FORGETTING TO PACK ITEMS FOR HORSE SHOWS!

BarnManager allows you to quickly create your own customizable lists and tables for anything from packing lists to feeding requirements. By adding team members to the list or table, others are also able to view, add, or check things off so that everyone is on the same page and everything is noted and accounted for.

## RESOLUTION #4: SPEND MORE TIME WITH THE HORSES AND LESS TIME HANDLING PAPERWORK.

This is ultimately what BarnManager is all about: simplifying the business side of horse ownership and barn management and allowing you to get back to what we are all in it for, the horses themselves. By storing all horse records and business paperwork directly within the cloud-based software, you're able to improve your work and get out from behind your desk.
