

How To Revamp Your Tack Room With BarnManager

Tack rooms are important areas of every barn for several reasons. They are not only where equipment is stored, but are often places where clients and employees spend time. Since people tend to congregate in areas like tack rooms, why not make them organized and comfortable spots to hang out? Continue reading for a few fun ways to restyle your tack room from BarnManager.

Purge Unused Items

The first step in any redecorating, remodeling, or organizing project is to clear out unused items. Even if you recently got rid of old equipment and supplies, chances are good that more things have started to pile up. Once you have thrown out all the unneeded things, focus on organizing and storing the equipment that needs to stay. Doing this task regularly in every area that accumulates clutter over time will go a long way toward keeping your barn looking tidy and welcoming.

Pick a Style

Once you have gotten rid of all the unnecessary items in your tack room, start thinking about a style or theme to follow during the makeover. Although this sounds complicated, it can be something as simple as picking a predominant color or two. Choosing a theme will give you a vision and help with decision-making during the revamping process.
